

Dear Sirs,

P.U.R.E., s.r.o. company would like to inform you about a newly opened opportunity.

Since our cooperation with EXIM bank, we are now able to offer financing for selected PV & WIND projects around the Globe.

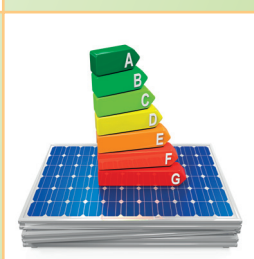

If a government sector wishes to utilize this new opportunity (valid until the end of 2017), we can do so without applying interest rates to the equation.

A brief bullet point description of the financing model is included in the attachment.

We always welcome fruitfull cooperation.

✓ Firms receiving financing services from us will be exposed to very low interest rates.

✓ Government sectors receiving financing services may have zero interest rates in selected countries.

✓ The main target for receiving our financing services is a bank to bank guarantee. A local bank must issue a guarantee to our commercial bank.

✓ We have the ability to finance up to 70% of the total project value, repayment of the loan expires in no longer than 10 years.

✓ To become a candidate for financing, we will require the following:

1. Name and address of the local bank providing the bank guarantee.
2. Name and address of the receiver of the loan.
3. The preferred time for loan return (5 – 10 years).
4. The preferred amount covered by the bank (50 – 75%) of the total project value.

After receiving the required candidate information the bank approval procedure stretches to around 7 months.

This service will help the growth of renewable energy sources in Africa.

We welcome cooperation and thank you for your attention.
